Raulerson-Cherry Family Fair Group

Selection of Mr. and Mrs. Ray B. Raulerson, Mr. and Mrs. Joe Cherry and sons, Barney and Bruce, a three-generation Pahokee family to represent Palm Beach County at the South Florida Fair and Exposition opening at West Palm Beach Fairgrounds, Jan. 27 on U. S. 98, has been announced by Lamar Allen, Secretary-Manager of the Fair.

All six members of the Raulerson-Cherry clan combine forces to operate the Ray Raulerson ranch, nine miles east of Canal Point where 3,500 head of Brahman beef cattle roam the range.

And riding the range to "pen" up cattle for market is one special angle of this agricultural effort, that always finds the children on hand. Bruce, aged four-and-a-half years, and Barney, aged eight years, ride with the grace and ease of Western cowboys, and in Western saddles, and the women members of the family too, take part in the round-up.

There's nothing antiquated about Ray Raulerson-Joe Cherry beef production enterprise. Raulerson, a developer of Glades' muckland to transform 1500 acres into good pasture for cattle grazing began 18 years ago, and his son-in-law Joe Cherry, born and brought up in Belle Glade, is the son of the first settlers in this big cattle-raising section of the country.

The Cherrys, (Mrs. Cherry was the former Miss Nadine Raulerson) live on the ranch in an attractive ranch house where good house-keeping equals meticulous operation of their agricultural industry.

Mrs. Rardin Better After Severe Burns

Mrs. Paul Rardin is recovering nicely at her home in Canal Point after suffering severe second degree burns on Sunday morning while preparing breakfast. In reaching across an electric burner on the stove to turn it off, Mrs. Rardin's pajama top inadvertently brushed across the red hot burner, igniting and burning her severely. Quick work on the part of a visiting cousin, Miss Mattie Bain, and presence of mind on the part of Mrs. Rardin quickly extinguished the blaze, thereby preventing much worse burns.

The Rardins' next door neighbors, Mr. and Mrs. Earl Maxson were on the scene at once and assisted in getting Mrs. Rardin to the Potette-Hatton Clinic in Pahokee where immediate attention was given to her condition. Mr. Rardin was in Tallahassee on business over the week end.

Sight Program Is Told To The Lions

Dr. Richard C. Lane, at the weekly luncheon meeting of the Pahokee Lions Club presented a film showing the manner in which school children with defective eyesight are selected to receive assistance through the Lions sight conservation program. D. B. Mathis is chairman of this project for the Pahokee club.

It was announced the Palm Beach County Association of Lions Clubs has purchased all the tickets for the opening night of the Musical production, "Fanny," Tuesday, March 7. These tickets are being distributed among the various clubs in the County, and those not taken up personally by the Lions are being sold to the public at \$3.25 each. Paul Tillery is in charge of local ticket sales.

Cars Claim Lives Without Wrecks

TALLAHASSEE—Several hundred people die in cars every year on American roads and highways who are not involved in a wreck of any sort.

They are the victims of carbon monoxide, the silent, but slow and creeping killer about which we hear little.

The Florida Highway Patrol today issued a warning to drivers to be on the guard against leaky exhaust pipes that silently spew out a lethal dose to at least 300 unsuspecting drivers every year.

And, while the official count is 300 dead, Commander H. N. Kirkman says that safety and traffic men are not sure "how many die as a result of wrecks that are indirectly caused by carbon monoxide poisoning."

They suspect that many one-car accidents, rear-end collisions and accidents in which the driver fell asleep are caused by the poison.

Here are some things to be sure of during winter months to guard against a killer that can strike down its victim without warning:

Check and correct leaky mufflers and exhaust pipes.

Never start your car's engine in a garage with the doors closed. Don't drive with the car windows completely closed. If you get sleepy while driving, the cause could be carbon monoxide. Stop at once, get out and breathe fresh air. Don't follow to close to other drivers. The exhaust from their car can enter your own.

Mr. and Mrs. Claude L. Shirley, Sr., entertained at dinner at the Petite Marnite, the occasion being Mr. Shirley's birthday anniversary. Guests were Mr. and Mrs. W. B. Shirley of Indianapolis and Mr. and Mrs. C. L. Shirley, Jr., of Pahokee.

Redi-Mix Plant Is Started By Shirley

Construction started this week on the new Redi-Mix concrete plant to be erected at the present site of the Shirley Brothers Pahokee operation. The installation will contain the most modern and up-to-date machinery available in America today and will be operated by skilled personnel, it was pointed out by an official of the concern.

Shirley Brothers own and operate a modern Redi-Mix plant in Chosen on State Road 715, and the decision to expand their facilities in this immediate area came after a full and complete study of potential demands for their products. The Shirley concern, through the years of its operation, has gained a wide circle of friends who have learned that quality and service are among its first attributes.

The new plant will have a capacity of around 400 tons of redi-mix daily and is being built to service any type of construction job. The new plant should be in operation early in February of this year.

F. E. C. Signals Stuck On Foggy Morning

Again yesterday morning the electric crossing signals at the Florida East Coast Railway crossing between Pahokee and Canal Point near the Vann Packing House were stuck. It is nothing unusual for the signals to go haywire and continue ringing for hours at a time without attention being given them by the Railroad company.

Yesterday morning, one of the foggiest of the year, was a bad morning for the signals to go haywire and not function properly. Cars were lined up behind a truck that feared an attempt to make the crossing. After several cars pulled around the truck and made it safely across, the truck finally followed.

Living in the Everglades has its many advantages and a handful of disadvantages. One of the disadvantages being the lack of attention received in such an emergency. Citizens of the Everglades are due and should demand the same attention to electric crossing signals that is given in cities and towns on the East Coast of this great country. Can you imagine a crossing signal functioning improperly in one of those cities for an hour at a time?

COOKIE SALE IN FEBRUARY

Plans for the annual Girl Scout cookie sale will be made at the February meeting of the Girl Scout Cypress Neighborhood Association with the chairman, Mrs. Donna Plumer, Thursday at 10 a. m.

March Of Dimes Plans Are Made

The Xi Beta Tau Chapter, Beta Sigma Phi Sorority, at a meeting at the home of Mrs. W. K. Aldridge made plans for participating in the local March of Dimes fund-raising drive on Jan. 31, with Mrs. Lois White, chairman, in charge. Xi Beta Tau, together with the other two Pahokee chapters of Beta Sigma Phi, annually sponsor the Mothers' March in the local March of Dimes campaign.

The group also discussed plans for the Sorority's annual Valentine dance to be held in the social room of the Elks Hall the night of Feb. 11. For the program Mrs. Ralph O. Johnson gave a book review of "Hawaii." Mrs. W. O. Moss, president, presided.

Deputy Director Is Mrs. Alley's Title

The Palm Beach County Welfare Department has an added deputy director this week following action by the County Commission last Friday.

The board, on a recommendation by Dr. C. L. Brumback, county welfare director, approved the appointment of Mrs. Wilma Alley as a deputy director for the Glades area.

Dr. Brumback noted in his letter of recommendation that Mrs. Alley was a valuable employee of the department and had long been performing the duties of a deputy director without benefit of the title or the salary boost that goes along with the job.

Mrs. Alley, Pahokee, has been a member of the Welfare Department since 1957.

Gospel Singing Concert Saturday

The public is invited to attend a Gospel Singing Concert at the Community Building in the Glades Park at Canal Point Saturday, Jan. 28, starting at 8 p. m.

The concert, for the benefit of the building fund of the Church of God of Prophecy in Pahokee, will feature the singing of the Gold Coast Quartet and the Harmonettes. One dollar for adults and fifty cents for children will be welcomed as donations.

COMPLIMENTARY SHOWER

Mrs. Lester Hand, Mrs. Charles DeWitt and Mrs. J. I. Moore entertained at Mrs. Hand's home with a party and baby shower in compliment to Mrs. R. L. Wetherington. Refreshments were served by the hostesses to approximately 30 guests.

"We are not in the housing business. We are not in the real estate and home construction business. Our business is growing sugar cane and making sugar," so spoke Harry T. Vaughn, President and General Manager of the United States Sugar Corporation in an interview with the editor of this newspaper during the past week. Mr. Vaughn's views were expressed after he was asked if his company planned to build housing for the 200 white men to be employed at the new sugar mill and refinery to be erected here at Canal Point.

From Mr. Vaughn's statement it would seem perfectly clear that a job is in the offing for somebody. And that job is to provide the necessary housing for the folks who will be employed at the new installation.

When questioned directly as to the amount each new employee will earn at the mill and refinery, Mr. Vaughn said that the annual earning power of each man would be \$6,000.00 and up. The payroll in this particular manufacturing effort alone will be \$1,200,000.00 for an average of about \$25,000.00 per week. That amount of money poured steadily into the economy of Canal Point is bound to help every business concern in the section.

A complete first hand survey was made by Mr. Vaughn and Mr. Rardin of this newspaper and what is printed here is fact and not rumor. Equipment is already on the ground making borings of the soil and driving test piling in the area where the mill and refinery will be erected at a cost close to \$20,000,000.00.

Dr. A. G. Keller and Associates, long known as the world's outstanding sugar mill planners, will furnish the design for the new mill and refinery. Mr. Vaughn said. The prime contractors are Farrel-Birmingham of Ansonia, Conn. The Connecticut concern as the prime contractors will handle all sub-contractors, Mr. Vaughn added.

To give an idea of the huge size of the upcoming installation, the warehouse alone, which will house the sugar after its manufacture, will be twice the size of the one in Clewiston and its capacity will be 40,000 tons of sugar. Cost of this structure alone will be one-half million dollars.

Of interest to residents of Canal Point and those folks who live up the ridge north of Canal Point is the announcement by Mr. Vaughn in regard to a new water plant which will be erected at a cost of more than one-half million dollars. A new intake line will be laid into Lake Okeechobee and extended to the new mill site where the water plant will be built. Distribution to Canal Point will be made through the present line that furnishes that area with water from the present Canal Point plant.

E. B. Gamble is ill at his home with the flu this week.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

Palm Beach Aviation, Inc., which for several months has sought to become a base operator along side of Butler Aviation at Palm Beach International Airport, has been granted County Commission permission to move in.

But approval of the Palm Beach Aviation lease came only after the commission split its vote with Commissioner Paul Rardin, Canal Point, casting a negative response.

It was brought out at the county commission meeting Friday, that Butler Aviation which has been base operation on an exclusive basis since the county took over operation of the former airbase, has spent large sums of money in attempting to improve its service

to pilots and small plane operators. These investments, it was reported, have kept the firm from making a profit during its first year of operation.

The reported lack of profits is what prompted Commissioner Rardin to vote against a lease for another firm at the base. Rardin contended the present operators should continue the exclusive arrangements until they had recouped on their investment.

However, Commissioner Lake Lytal said FAA regulations prohibited the commission from excluding other base operators who wished to come in.

"We don't have a right morally or legally to deny anyone the right to operate on the airport," Lytal told the commission.

Commissioner Rardin who said he wanted the record to show the "good" service being given by Butler Aviation, voiced an opinion that another base operator is not justified at this time.

The board voted to have a lease for Palm Beach Aviation prepared for further consideration of this commission.

The new base operator plans to move its operation to International Airport from Lantana.

Miss Brenda Carter To Wed Morgan Tyson

Mrs. Annie Merle Carter of Pahokee announces the engagement and approaching marriage of her daughter, Brenda Janea, to Morgan Tyson, son of J. L. Tyson of Belle Glade and Mrs. Elizabeth Powell of Punta Gorda.

The bride-elect is a graduate of Pahokee High School, Class of 1960, and is now taking nurses' training courses of study at Palm Beach Junior College, West Palm Beach. Mr. Tyson graduated from Belle Glade High School in 1958 and is now with the Badcock Ranch east of Belle Glade.

Plans are being made for a February wedding at the Methodist Church in Punta Gorda.

Local Lions Give \$10 For Publicity

The Canal Point Lions Club at the weekly dinner meeting in the Community Building voted a \$10 donation to assist in the publicizing of the other side of the migrant labor story in the Glades area to counteract the wrong impression received by the public in the CBS telecast of "Harvest of Shame." The money will go into the fund being raised by Glades civic groups for this purpose.

Mr. and Mrs. Floyd Erickson, accompanied by their son, Dale, plan to spend this weekend at Forest Lake Academy near Orlando, visiting their son, Robert, who is a student at the Academy.

Sorority Hears Mrs. Frank Friend

Mrs. Frank Friend, president of the Pahokee Garden Club, was guest speaker at the meeting of the Beta Omicron Chapter, Beta Sigma Phi Sorority, at the home of Mrs. Karl Mindlin, with Mrs. W. A. Cross, Jr., hostess. Following her talk, she entered into discussion with members of what they considered the most beautiful things they had ever seen.

At the business session, with Mrs. Jimmy Moore, president, presiding, Mrs. Julian Branch, social chairman, announced Beta Omicron will be in charge of the Beta Sigma Phi Valentine Queen float, and a progressive dinner will be held in March, the date to be announced. Plans were made for members to attend, with husbands or guests, the performance of "Gentlemen Prefer Blondes" at the Musicarnival on March 24.

Mrs. Lloyd Hundley entertained at her home on Thursday afternoon of last week with a Stanley party for women of the neighborhood.

W. A. Humphries Honored On Birthday

Mrs. Clarence Maxwell and Mrs. R. B. Mackey entertained at the home of their parents, Mr. and Mrs. W. A. Humphries, Sr., with a coffee, honoring Mr. Humphries on his 74th birthday anniversary. Refreshments were served by the hostesses to the many friends who called to congratulate Mr. Humphries.

Practice Started For Band Concerts

The Pahokee High School Band has started practicing for the first of a series of free winter concerts to be held in the high school auditorium, according to Bandmaster Robert O. Lampi. The first concert presentation will be Sunday afternoon, Feb. 5.

Miss Susan Morgan is spending a vacation with her parents, Mr. and Mrs. Claud Morgan, at Pahokee between semesters at the University of Florida.

Outdoor Party For Fellowship Class

Members of Mrs. Inez Reeves Christian Fellowship Class of the Pahokee First Methodist Church School enjoyed an outdoor party and barbecue supper at the Boy Scout Beach and picnic grounds on the shores of Lake Okeechobee Tuesday night. Louis Mims and N. R. Norman were in charge of the barbecue. Mrs. Melvin Spooner was general chairman in charge of arrangements.

Blue Devils Will Play Home Game

The Pahokee High Blue Devil basketball squad, after six consecutive games away from home, will again be on the home court Tuesday night when they will play Forest Hill. This Friday night they are scheduled to play Naples, there.

The Blue Devils were defeated by Jupiter last Friday night, 72-42, and also lost to the Fort Pierce Eagles on Tuesday night.

Here's what the new $3\frac{3}{4}\%$ interest rate on U.S. Savings Bonds means to you:

\$3=\$4 *fourteen months faster than before*

The Bonds you own are better than ever, too

The new $3\frac{3}{4}\%$ rate means your savings grow faster than before with U.S. Savings Bonds. \$3 becomes \$4, or \$3,000 becomes \$4,000 in just seven years, nine months. This applies to all Series E Bonds bought since June 1, 1959.

Then, all older Bonds, both Series E and H, pay more now—an extra $\frac{1}{2}\%$ from June 1 on, when held to maturity.

And, all Series E Bonds carry a new 10-year extension privilege. This means your Bonds will keep earning liberal interest automatically after maturity.

These three new cash benefits make today's U.S. Savings Bonds the finest in history. They make the ones you own now better, too.

More advantages of U.S. Savings Bonds

You can save automatically. Just tell your company how much to deduct every payday for Bonds, and your Bonds will be delivered to you. This way you can't forget to save. And, remem-

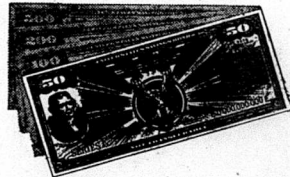

ber, the money you don't touch can't slip through your fingers.

You can get your money, with interest, when you need it. Your Bonds are a ready reserve to use anytime you wish. But, it pays well to hold them.

Your savings can't be lost or stolen. The U.S. Government guarantees to replace your Bonds, free, if anything ever happens to them.

You save more than money. The Bonds you buy help keep the peace because peace costs money. Money for better education, new scientific research, greater military strength. And the money you save helps strengthen our nation's economy which depends on the financial strength of individuals to keep it sound.

Start saving with U.S. Savings Bonds today. You'll save more than money.

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds . . . Interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2068 in cash; in 10 years, \$4442.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

Christian Science Group Of Canal Point

Continuous benefits are available
to all through a fuller comprehen-
sive of God as Love. This idea will
be enlarged upon at Christian Sci-
ence services Sunday in the Les-
son-Sermon entitled "Love."

Readings from the Bible will in-
clude this selection from I John
(4:9): "In this was manifested the
love of God toward us, because that
God sent his only begotten Son into
the world, that we might live
through him."

The closing citation to be read
from "Science and Health with Key
to the Scriptures" by Mary Baker
Eddy states (6:17-18): "God is
Love." More than this we cannot
ask, higher we cannot look, farther
we cannot go.

The Golden Text is from Jeremia-
h (9:24): "Let him that glorieth
glory in this, that he under-
standeth and knoweth me, that I
am the Lord which exercise loving-
kindness, judgment, and righteous-
ness, in the earth."

Missionary Group In January Meeting

That our red brother... "May
Know Our Saviour's Love" was the
program theme for the January
meeting of the Canal Point Baptist
Missionary Society under the direc-
tion of Mrs. F. F. Burr.

The meeting was Monday night
Jan. 23 at 8 p. m. at the Church.
The display center consisted of an
Indian "trading post" with various
Indian articles of interest. The
Scripture and Meditation was read
by all members in unison. Mrs. C.
D. Stewart gave the Call to Prayer
and also the Indian's Version of
The Twenty-Third Psalm, which is
called The Rope of Love.

Others taking part on the pro-
gram were: Mrs. J. S. Atkins, and
Mrs. Charles Maxson. Mrs. Ste-
wart, WMS President announced
that the Quarterly Missionary
Meeting will be held at the Pahokee
Baptist Church on Feb. 8 with
Josephine Jones, State Executive
Secretary, the guest speaker.

"The meeting will begin at 10 a.
m. The meeting was brought to a
close, with the reading of "The
Indian's Call" and dismissed in
prayer by Rev. Charles D. Stewart.

Pruning Described By County Agent

Charles Tucker of West Palm
Beach, guest speaker, explained
the technique of pruning South
Florida trees and shrubs at the
January meeting of the Canal
Point Garden Club, held at the
home of Mrs. C. B. Stringari with
the president, Mrs. M. C. Carter,
presiding. He was introduced by
Mrs. Clinton Coburn who was in
charge of the Arbor Day program.
Mrs. G. H. (Duke) Tucker, co-
hostess, assisted Mrs. Stringari
with the serving of refreshments.

From Mrs. Stringari's home club
members went to the new roadside
park which the club is developing
east of Canal Point and planted a
tree in observance of Arbor Day.

O'Connell Seeks Investigative Funds

The county commission has made available an additional \$2,500 to continue investigation of the Judge C. E. Chillingworth case, in which the Judge and his wife were killed.

Request for the money came from State Attorney Phil O'Connell, who said he could not divulge how the money is to be spent. The commission granted his request on the basis that a full accounting will be made in the future.

In another action on county finances, the commission learned that two representatives of the State Auditors office now at work in Palm Beach County, will include an audit of the commission's books as part of their present assignment.

The audit was requested earlier this month by Commissioner E. F. Van Kessel when he took his seat on the board.

Mary Carter Paint Has New Head

TAMPA—John F. Crosby, chairman of the board of Mary Carter Paint Co., has announced the election of I. G. Davis, Jr., as president.

Davis, formerly executive vice president of the company which markets paint and allied products on a national basis, came to the Mary Carter company from Rhen Manufacturing Co. of New York where he served as director of planning. Prior to that he was an associate of Stewart Douglass & Associates, Inc., of New York, leading national marketing management consulting firm.

The Mary Carter Paint Co., which achieved a sales volume of \$12,500,000 in 1960, began operation with a single store and plant in Tampa in 1953. It now has more than 500 retail outlets from coast to coast. This represents a 50 percent increase over the 1959 sales figure. The firm now has facilities in Matawan, N. J.; Conroe, Texas; Tampa; and will open a new plant in the Los Angeles area within the next month.

Robert Van Worp, Jr., who is signed as president to devote full time to other business interests, will continue his association with the Mary Carter firm in an advisory capacity, Crosby announced.

J. Ollie Edmunds' Sayings Available

The president of Florida's first university has been extolled as a philosopher by Marion T. Gaines, editor of the Pensacola News.

In his recent column on the editorial page, Gaines has this to say about Stetson University's President J. Ollie Edmunds:

"The career of Dr. J. Ollie Edmunds, formerly of Jacksonville, has been a varied one. He has been a judge, a politician and an educator, now is president of Stetson University, where he has shown great leadership in building that institution.

"Essentially, however, Edmunds is an orator and a philosopher. He is one of those persons who continually collects stories, anecdotes, smart sayings and sage observations. Fortunately for us, he has started the practice of passing these on to others through a little monthly pamphlet called 'Whatsoever Things'."

Gaines' column then goes on to quote extensively from Dr. Edmunds' words.

Orlando Man In Dessert Contest

LAKELAND—An Orlandoan has been certified as the first male entry in the All-Florida Orange Desert Contest which opened Jan. 9 and will continue through Feb. 18.

Mrs. Charles Maxson, presided over the business session it was announced that the February meeting will be at the home of Mrs. H. G. Rodgers at Bryant, with Mrs. J. E. Rodgers as hostess. There were 14 members present at the January meeting.

Many Cattle To Be Shown At Tampa

TAMPA—Thirty seven livestock exhibitors from 15 Florida counties and four states have filled the barns of the Florida State Fair with 352 pure bred prize beef entries, R. D. Jackson, the fair livestock committee chairman, has announced.

The livestock showing will be divided into two divisions, with dairy cattle being shown the first week, Feb. 7-11, and beef cattle the second week, Feb. 13-18.

Jackson said entries indicated the highest quality show in the 56-year history of the fair, with interest at a peak throughout the Southeast. Louisiana State University will send its prize Brahman herd, and exhibitors from Georgia, Kentucky and South Carolina have entered Angus, Hereford and Short-horn specimens.

Medical Examiner Named For County

The appointment of a West Palm Beach pathologist as medical examiner for the county, has been recommended to the County Commission by the Palm Beach County Medical Society.

Recommended for the post is Dr. Hugh Dortch, whose name was sent to Dr. C. L. Brumback, county health department director, for consideration.

Need for a county medical examiner was brought about with the first of the year elimination of Peace Justices who formerly doubled as coroners.

The county commission at its meeting also:

Agreed to build a bridge over the drainage canal to serve a new school to be built at Forest Hill Village.

Voted to go ahead with plans for building a recreation area along the Miami Canal at Lake Harbor. Set up a \$3,000 fund to employ an administrative assistant for Palm Beach County's legislative delegation.

Received a \$110,000 check from the Florida Development Commission as the states share of construction costs for the new county health center.

Approved attendance of the commission for a meeting to be held at Jacksonville Jan. 31, when directors of the State Association of County Commissioners will consider proposed legislation.

World Friendship Promoted By FFA

All chapters of Future Farmers of America and Future Homemakers of America in Florida are being given an opportunity to promote world friendship and peace through sponsorship of a mercy ship to the Near East, according to plans outlined by Dr. Walter O. Parr of Paducah, Ky., executive director of World Friendship, at a Sixth District area meeting of high school agricultural teachers at Pahokee High School last week.

Under the World Friendship plan, FFA and FFA units in every Florida County are being invited to be co-sponsors of the SS Holy Land Friendship, which will leave a Florida port next July for Jordan in the Near East with a cargo of items of utmost necessity for the refugees of that country. The cargo will include agricultural tools and seed, medical supplies and hospital equipment, home necessities, livestock and well-drilling equipment to provide means of establishing an irrigation system for growing crops in that arid land.

Since World War II Dr. Parr, through the World Friendship organization has been instrumental in the sending of mercy ships to distressed areas in various parts of the world under the sponsorships of different groups. Last year the SS Kentucky Friendship, sponsored by FFA and FFA chapters in Kentucky, sailed from Pensacola with a cargo of necessities, valued at \$1,200,000, for the people of South Korea. The Kentucky sponsors were so impressed by the gratitude expressed by the Korean people for this assistance that they as well as Texas FFA and FFA groups, have asked to assist also in supplying the cargo for the SS Holy Land Friendship, Dr. Parr said.

Through the cooperation of the U. S. State Department and King Hussein of Jordan, Dr. Parr recently visited Jordan and was appalled by the abject condition under which the thousands of Arab refugees are existing in that country. "These people are in dire need of a chance to get on their feet again. Most of all, they need to become self-respecting human beings with opportunities to make a living for themselves and rise above their present humiliating position of being helpless charity cases. It is the purpose of the SS Holy Land Friendship to help give these misplaced and half-forgotten persons this chance for a new, richer life. Dr. Parr said. "A selected group of FFA boys, accompanied by an adult FFA advisor, will be on the SS Holy Land Friendship as unofficial U. S. ambassadors of good will when it makes the voyage to Jordan next summer," he added.

C. M. Lawrence, of Wauchula, area supervisor, presided at the district meeting. A. R. Cox, secretary of the Florida FFA organization, was present. N. R. Norman, Pahokee High School agricultural teacher, was host.

Named To Agricultural Advisory Council

On the left is shown Roy Vandegrift, Jr., of Pahokee who was named along with Allen Markham, on right, of Okeechobee, to the State Agricultural Advisory Council by State Commissioner of Agriculture Doyle E. Conner, shown in the middle, passing out the appointments. Mr. Vandegrift is a former president of the Florida Fruit and Vegetable Association. He is sales manager for Vandegrift-Williams Farms.

Mr. and Mrs. J. V. Thomas, Jr., visited her parents, Mr. and Mrs. Joe Kelly, at Fort Pierce Sunday and were accompanied home by their small daughter, Terri, who had been the guest of her grandparents there for several days.

The Rev. and Mrs. Robert Shelley entertained at their home Sunday evening, following the worship service at the Canal Point Methodist Church, with a party for members of the Methodist Youth Fellowship.

Raulerson-Cherry—

(continued from page 1)
ing methods of farming is not new to the Raulersons.

Their daughter, Mrs. Cherry, some years ago when she was a high school student raised a Brahman steer, and was the first to make a sale when the first Glades livestock market opened in Belle Glade.

Her father contends that "by comparison with Kissimmee where ranches are considered average size when they extend over 50,000 acres, and are rated as big when they cover 250,000 acres and over, we are just small fry."

But in the opinion of the selection committee of the South Florida Fair, the Raulersons and the Cherrys are model agriculturists.

Members of the family will attend the fair on a date to be announced, as guests of South Florida Fair Officials. There will be free rides for Barney and Bruce, including a merry-go-round with mechanical ponies, and if the young cowboys wear their ranch regalia—cowboy ten-gallon hats, hand-tooled leather boots and jaunty khakis they will present a colorful sight at the fair.

Pahokee Band Has Spot In Fair Parade

Bandmaster Robert O. Lampi's 45-piece Pahokee High School Band was one of the 11 bands that marched in the parade at West Palm Beach Thursday evening as part of the festivities attendant to the opening of the South Florida Fair and Exposition. The parade originated at 12th Street and moved south on Dixie to Hibiscus.

Mrs. Doyle Branan of Melbourne is visiting her parents, Mr. and Mrs. Walter Cross, here. Her mother is ill at the Everglades Memorial Hospital.

Two Wrists Broken In Basket Ball Play

Nellie Mae Yeomans, daughter of Mr. and Mrs. Charles Yeomans of Canal Point, a senior at Pahokee High School, was painfully injured in an unusual accident at the school Tuesday afternoon, breaking both her wrists.

The accident occurred as Miss Yeomans was playing basketball. She was running backward with arms extended above and behind her, trying to catch the ball, when her hands struck the wall with such force that bones in both wrists were fractured. She was taken to the Everglades Memorial Hospital for treatment.

HOSSESSES TO CIRCLE

Mrs. Christine Fraser and Mrs. Mozella Brown were hostesses to members of the Gertrude Shirley Circle, WSCS, at the January meeting at Mrs. Fraser's home. The program topic, "A New Life for the New Year," was presented by Mrs. Melvin Spooner. Mrs. Frances Dunson, chairman, presided.
